

Micro Smoke Alarm

SK-20 Series

Description

SK-20 series is household photoelectric smoke detector. It is micro dimension and superior quality. Within 3V lithium batteries, low quiescent current consumption, service life up to 10years. The SK-20 series product contains many practical functions: Silence mode、Low battery、Local alarm memory、End of life indicator.

Key Features

- Micro structure
- Product life: 10 years
- Photoelectric sensing technology
- Low-battery warning
- 9-minute nominal silence mode
- Local alarm memory
- End of life indicator
- Red、green double indicator
- Test button compatible with beep chamber
- Sounding a loud alarm signal of exceeding 85db in alarm mode

TECHNICAL SPECIFICATION

DESCRIPTION	
Smoke Sensitivity	0.080~0.155 db/m (EN standard)
Quiescent Current	≤ 10uA
Alarm Current	≥ 60mA
Alarm Sound Level	≥ 85dB (3m)
Temperature /Relative Humidity	0°C to 45°C 0 to 95% RH , no condensation or icing
Dimensions	Φ50.8 x 42.5 (H) mm
Standards / Certification	According to EN14604
